New information regarding tax on prize money

According to a **new decision** taken by the board of directors of the Swedish Ski Association regarding the way Swedish organizers shall settle their payment of prize money, the OCs of FIS WC Final Falun/Stockholm hereby give following **new information** regarding tax on prize-money;

To avoid an unequal taxreduction depending on age and citizenship, **the taxreduction will be only 15% for all prize-winners**. In other words, country of residence or age will not be of importance. The local organizers will be responsible for paying the full tax in addition to the 15%, but the extra cost will not affect the amount paid to the prize-winner.

But, if the athlete is a citizen in a country outside EU/EFTA, the athlete shall if possible*, present a "tax certificate/form" which shows that he/she belongs to the social insurance system of his/her own country. Can usually be required from the prize winners local tax authority.

If the athlete is a citizen in an EU/EFTA country, please present a so called E101 form to the organizer (a tax certificate which shows that he/she belongs to the social insurance system of his/her own country. Can usually be required from the prize winners local tax authority).

With wishes of a nice Spring!

LOC Stockholm/Falun

* i.e not all countries outside EU/EFTA co-operate with Swedish authorities regarding taxes for social insurance systems. Russian citizens for instance, can not require this certificate.
